TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Henniker, in the County of Merrimack in said State, qualified to vote in Town Affairs:

[L. S.]

You are hereby notified to meet at the Town's Meeting House in said Henniker on Tuesday, the eleventh day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same. *1500*

3. To bring in your votes for the election of Delegates-at-Large, Alternate Delegates-at Large, District Delegates, Alternate District Delegates to the National Conventions of the Democratic and Republican parties, to be held for the purpose of nominating party candidates for President and Vice-President of the United States.

4. To hear and act upon the reports of Town Officers, Library Trustees, Trustees of trust funds and committees.

5. To see what sum of money the town will vote to raise to repair highways and bridges. *4350*

6. To see what sum of money the town will vote to raise for maintenance of its state aid and Trunk Line Roads. *201150*

7. To see what sum of money the town will vote to raise and appropriate for permanent improvement of Contoocook Valley Trunk Line, Chapter 93, Laws 1915. *201150*

8. To see if the town will vote to accept the provision of Chapter 117, Laws of 1917, on a section of the Contoocook Valley Road so called and appropriate, or set aside from the amount raised for highway work, the sum of \$350.00 for this purpose. *1500*

9. To see if the voters will accept the offer made by Leander A. Cogswell, and raise the sum of not less than \$1,500.00 or more than \$1,800.00, to be expended on the Weare Road so called, upon certain terms and conditions and to pass all votes necessary thereto. *1500*

10. To see if the town will vote to raise the sum of Five Hundred Dollars for support of Public Health Nursing Association or take any action thereto.

11. To see what sum of money the town will vote to raise and appropriate to defray the expenses of observing Memorial Day.

12. To see what sum of money the town will vote to raise in addition to that required by law for the support of Tucker Free Library.

13. To see what sum of money the town will vote to raise for the maintenance of the Fire Department.

14. To see what sum of money the town will vote to raise and appropriate for the purpose of defraying the cost and expense during the ensuing year of providing and maintaining hydrant service for the extinguishment of fires.

15. To see how much money the town will vote to raise for repairing and building sidewalks.

16. To see how much money the town will vote to raise for payment of electric lights for the ensuing year and pass any vote relative thereto.

17. To see if the town will vote to authorize the Selectmen to have the Town House reinsured, also to insure the Engine House, raise money for same, or take any action relative thereto.

18. To see what action the town will take to prevent the spread of White Pine Blister, raise money for same, or take any action relative thereto.

19. To see if the town will vote to accept the bequest of Twenty Thousand Dollars, provided by the will of Edna Dean Proctor, as a memorial of her father, John Proctor, and the Proctor family of Henniker and pass such vote as may be appropriate.

20. To see what action the town will take in regard to extending their water pipe line to a point on Concord road, near Leonard Buxtons, also to extend over the north road leading to Hillsboro, to a point near Westboro corner school house.

Given under our hand and seal this twenty-third day of February, in the year of our Lord nineteen hundred and twenty-four.

EDWARD CONNELLY,
FRED T. CONNOR,
FORREST W. DOWLIN,
Selectmen of Henniker.

A true copy of Warrant—Attest:

EDWARD CONNELLY,
FRED T. CONNOR,
FORREST W. DOWLIN,
Selectmen of Henniker.

**EXTRACT OF ARTICLE 2, FROM WILL OF
EDNA DEAN PROCTOR**

Second: To my native town of Henniker, in the county of Merrimack and State of New Hampshire, I give and bequeath as a memorial to my father, John Proctor, and the Proctor family of said Henniker, the sum of Twenty Thousand Dollars, to be held as a carefully and legally invested trust fund and used for the purposes and in the manner following to wit:

1. When the accrued income of said fund shall amount to not less than One Thousand Dollars, I direct that approximately said amount shall be used in replacing the iron drinking fountain which I have previously donated to said town and which now stands in Proctor Square, by a substantial and artistic drinking fountain of the best granite construction.

2. Such portion of the further accrued income of said fund as may in the judgment of the town be needed to keep in repair the old stone bridge over the Contoocook River in the village of Henniker, about one mile from my birth-place, may from time to time be appropriated and used for the said purpose.

3. When the citizens of said town of Henniker, at a meeting legally called for the purpose of acting upon the matter shall, by two-thirds majority vote, decide that it is necessary and wise to reconstruct the said bridge, then such portion of the principal sum and accrued income of said trust fund as may be needed therefor, shall be used in the construction of a new stone bridge with two arches to replace the present structure, my wish being that the symmetry and beauty of the old bridge may be retained in the new bridge, and yet that the new bridge may be better built and stronger and handsomer than the old bridge was.

4. Such portion of said trust fund as may remain after the reconstruction of said bridge, shall continue to be held by said town as an invested fund, the income whereof may be used when needed for the maintenance and repair of the said fountain and said bridge.

5. My purpose in providing the within named Memorial Fund is, that the said fund, or the income thereof, shall be used for enduring public improvements in the said town of Henniker, which combine beauty and utility, and not to relieve the citizens of said town from their customary municipal obligations. In the event therefore, that there shall be at any future time a balance of the principal and accrued income of the said fund remaining after the foregoing provision of Items 1-2-3 and 4 of this clause of my will, shall have been complied with and carried out, the said town on recommendation of its board of Selectmen, and by two thirds majority vote of the legal voters of said town present and voting in a town meeting legally called with due and proper notice of the action proposed, may appropriate and use such balance or a portion thereof in providing such further public improvements as are consistent with the purposes herein expressed and to further make my purpose clear. I declare that I intend this to be a public trust, enforceable at all times by the attorney general or otherwise according to law.

FIRE ENGINEER'S REPORT

At the Town Meeting held in March, 1923, it was voted that the Fire Engineers be a Committee to ascertain the cost of a Triple Combination Fire Truck, and in accordance with that vote we beg to submit the following.

We have investigated apparatus being used by towns similar to Henniker and find the following three most used The Ford, Reo and Service. The Ford comprises a Ford Chassis, equipped with a rotary or piston pump with a capacity of 175 to 300 gallons per minute. A 40 gallon chemical tank, booster type, so arranged that water can be pumped thru the chemical hose without the use of acid. This is a very desirable feature for use in the rural districts. The body has a capacity of about 750 feet of $2\frac{1}{2}$ inch hose, and is equipped with 150 feet of chemical hose, nozzles, lanterns, siren horn, two electric headlights, 10 inch searchlight, 28 foot ladder and all other equipment generally needed for fire fighting.

The cost is \$3,100.00.

The town of Amherst has one of these trucks and is very much pleased with it.

The Reo is a Reo Truck equipped with a rotary or piston pump with a capacity of 300 to 400 gallons per minute. An 80 gallon booster type chemical tank attached to pump so water can be pumped thru chemical hose while tank is being filled with buckets. This Fire Truck is also fully equipped and costs \$4,200.00. This truck seems to be very popular.

The Service is a $1\frac{1}{2}$ ton service truck with equipment similar to the Reo. Has a body with a capacity of 1,200 feet of $2\frac{1}{2}$ inch hose, carries 1 14- foot roof ladder and 1 28-foot extension ladder.

The cost is \$5,000.00.

All of these Fire Trucks are painted in first class manner and lettered with the name of the town purchasing them.

The Fire Engineers consider one of these fire trucks would be of great value to the town, especially outside the hydrant limits.

Respectfully submitted,

JOHN H. FELLOWS,
WILBUR J. PARMENTER,
WILLIAM L. CHILDS.

REPORT OF THE BOARD OF HEALTH

One case of Typhoid fever was reported.

One hundred and twenty cases of measles were reported.

A very serious case in town was caused by a tramp dog having rabies. Three persons were attacked and badly bitten, and great anxiety was felt by the people in the village. Prompt treatments were given the injured persons, and no bad results have followed.

Another serious case was in a family where eleven persons were taken sick with symptoms of poison, soon after eating breakfast. Samples of cooked food, milk, sugar and water were taken to the State Laboratory and were reported alright. Every effort possible was made by the local and state Board of Health to locate the cause, but without result.

No complaint has been made of nuisances.

One sample of public water sent to the State Laboratory just after the heavy fall rains, and the report showed water excellent, and free from surface drainage.

Samples of water were sent from five private wells.

The total expense of the department has been \$45.60.

WILLIAM H. BEAN,
Health Officer.

*Annual Statement of the Treasurer of the Henniker
Public Health Association for the year
ending October 1, 1923*

Receipts—

**ANNUAL REPORT OF THE TUCKER FREE
LIBRARY OF HENNIKER, N. H.
For Year Ending January 31, 1924**

We respectfully submit the following report:

While the Average circulation remains about the same as in former years, we do not feel that it is an accurate measuring stick of the Library's usefulness, for the increased use of the Reading Room both as a Reading Room and Reference Room has been far in advance of other years, and the Young People's Room is constantly increasing in popularity. We only need a few chairs appropriate for the Young People's Room to make it ideal; as it is, it is very much appreciated and enjoyed.

We take pleasure in thanking all who have contributed in any way to the Library in books, magazines, pictures and other helps.

For the first time we observed Children's Book Week in November, with what we considered great success. Almost one hundred children were entertained with story telling by Mr. H. B. Preston and stories of Far Japan by Mrs. Harold P. Connor.

Many of the children at that time had their first introduction to the library. Several having never even been inside of it before, and their surprise was great when told that they could take books without charge.

Following is a record of circulation as shown by our records:

Visitors, 419; Fines, \$55.62; References, 256; Juvenile, 1,646; Fiction, 9,638; Solid, 488; Magazines, 2,223; Total, 13,995.

One case of books were re-bound.

	<hr/>
Cash on hand Feb. 1, 1924	\$926.80

W. L. CHILDS, *Treasurer.*

WATER WORKS DEPARTMENT

The Board of Water Commissioners hereby submit their tenth annual report

During 1923, three new service connections were made to the main pipe line. No new additional construction work has been made.

Several needed repairs were made at the different springs and reservoir. The sanitary conditions of the system has been carefully inspected several times during the year.

Every sample of water sent Charles D. Howard, State Chemist for analysis was pronounced to be water of "Excellent quality."

Sources of Income

From Jan. 1, 1923 to July 1, 1923, the income	
from water rents amounted to	\$1,122.28
From July 1, 1923 to January 1, 1924	1,174.49
	<hr/>
Making total rent for the year	\$2,296.77
Abatements for 1923, non-use	38.41
	<hr/>
Amount paid Town Treasurer	\$2,258.36

Pumping Station

From January 1, 1923 to January 1, 1924, 6,248.211 gallons of water was pumped into the reservoir, 687,223 less than was pumped in 1922.

See pumping station record for 1923, printed on separate page of this report.

AUDITOR'S REPORT

We the undersigned, auditors of the town of Henniker, certify that we have examined the accounts of the Selectmen, town clerk, town treasurer, collector of taxes, janitor of town hall, agent of Memorial Day appropriation, agent of state highway maintenance, trunk line maintenance, town highway agent, trunk line town road, patrol, statement of treasurer of Tucker Library, board of trustees of town, trust funds including securities, collector of water rents, and clerk of water commissioners, and find the same correctly cast and properly vouched.

E. N. COGSWELL,
WALTER A. CONNOR,
A. C. GRAVES,

Auditors.

Henniker, N. H., February 2, 1924.

SUPERINTENDENT'S REPORT

To the School Board of Henniker:

I herewith submit my second annual report. The record for attendance and achievement for the year ending, June 8, 1923 was good.

When we consider the severe winter and the extraordinary amount of sickness in January and February, it was very good.

The hot lunches for the rural schools, provided by special appropriation, are very much appreciated. They are also a means of education in the domestic arts. A considerable number of children are greatly benefited by them. I recommend that the appropriation be continued. Hot lunches are served at the Central School, at cost during the cold weather, by the domestic arts girls, as a part of their work in that department.

Standard tests were given in both central and rural schools, to measure the achievement of different pupils as compared to a recognized standard for any particular age and grade. These proved helpful to both teachers and pupils. I trust we shall be able to use them more extensively, in order that we may keep the work of all the grades up to the standard.

The revision of the High School curriculum, made possible by an extra appropriation, at the last district meeting was referred to a committee composed of Mr. Pugsley, the head master and the superintendent who made a careful study of the whole system, beginning with the first grade. Teachers and others were consulted. The changes in the lower grades were mostly in the emphasis on reading arithmetic, spelling and grammar. The radical changes began in the seventh grade, Junior High. French, which had been a required subject for all pupils in grades seven and eight was dropped. In its place Business Arithmetic and Elementary Bookkeeping have been installed, English and grammar have been raised from a minor to a major place in the new curriculum.

In the High School the academic or classical and domestic arts courses were retained with some modifications. For example, French will be offered in the Sophomore and Junior years only. An English course was added, which permits a pupil to graduate without taking Latin or French. This is, for all practical purposes, a commercial course without typewriting and stenography. The expense involved and specialized knowledge required to teach these subjects made it impracticable for your committee to recommend them. Doubtless as time proves the work, at present outlined, many changes will have to be made.

Under the old plan four teachers with a little extra help tried to carry on the work of the Junior and Senior High Schools, now five, two men and three women, are employed, and the work is better organized and carried on more efficiently.

The social and athletic activities of the school have come to be as important as any of the regular subjects of the curriculum, and therefore should be as carefully managed and supervised by the teachers as any class room work. Modern education must encompass the whole life of our children and young people.

I have in private conversation and public address repeatedly called attention to the use of the High School Hall for basket ball. It is very poor economy to use a hall, not constructed for the purpose, for such strenuous exercises. It will cost a considerable sum to restore the building and hall to its original condition.

Some provision should be made at once for a building that could be used as a gymnasium. The estimated cost of a suitable building is about \$5,000. I believe money spent

for such a project is the best possible investment in the physical welfare, morals and character of the community's future citizens.

The rural school buildings are in good condition. Three out of the five now have modern toilet facilities, Westboro corner and Hemlock corner are without improvements. If we can find no more than three or four pupils for Westboro corner, it will not pay to have school there another year. I recommend that, if possible, money be raised this year, to make alterations on the Hemlock corner building, that will make it on a par with the other rural schools.

The West Henniker heating plant is very unsatisfactory. If a change is not made some child will, sooner or later, be injured on the auxiliary stove. I recommend that a new heating plant be installed before the opening of school next fall.

Who shall lead, guide and direct our children is always an important question. We have been fortunate this year in securing a group of teachers who have a high ideal of professional services. Their spirit of cooperation and loyalty are felt both in the schools and community. I recommend that, if possible, we retain their services for another year.

The record of attendance thus far this year has been very poor, 10 to 20 per cent below the standard. I wish to urge every parent and all who are interested to cooperate with the teachers and officials in earnest effort to overcome as much as possible the large score against our schools before the end of the year. We must also make the effort to reach the different grade standards in regular school work.

Respectfully submitted,

GAIUS H. BARRETT,
Superintendent.

REPORT OF SCHOOL DISTRICT TREASURER

C. B. Childs, Treasurer in account with Henniker School District, February 1, 1923, to February 28, 1923.

Cash on hand, Jan. 31, 1923	\$7,561.08
